READING & DINING TABLES

Collection

The handy bedside reading and dining tables offer you extra help at close range. They can be used next to both the bed and the relax chair.

LITAVO PG 24
Universal use

LIVIA PG 25
Light and space-saving

Versatile and functional

Residents or patients need a place next to their bed to store personal items, such as glasses or a mobile phone. The Haelvoet bedside table collection is highly versatile, functional and easy to integrate in your nursing environment.

MOBILE AND STABLE

Movable and manoeuvrable. All bedside tables can be equipped with castors and brakes upon request. Thanks to this, the bedside tables can be easily put everywhere: next to the bed or the relax chair.

4 design castors Ø 65 mm

4 design castors Ø 65 mm with brake (*)

A 5th castor is provided for the dining table to create additional stability.

The electrical conductivity data in accordance with standards DIN EN 12527-12533 (with regard to antistatic castors) are available upon request.

FLEXIBLE

You can choose from several possibilities to finish each bedside table type. Thanks to this, you can offer the most suitable and practical solution to both the resident/patient and nursing staff.

As for **one-sided bedside tables**, you decide beforehand on which side of the bed they have to be put. **Two-sided bedside tables** can be put on both the left and right side of the bed.

The optional **Click 'n' Turn system (*)** offers you maximum freedom. Thanks to this easy click system, the dinner tray can be removed and installed without needing any tools. This system is only available on high Haelvoet bedside tables.

Click 'n' Turn system:
The Livia dinner tray is removable and can be easily attached to the other side

SOFT CLOSE

The Soft Close (*) mechanism – both for drawers and doors – is optionally available as well. With this system, drawers and doors are closed soft and silently.
Basso and Cosi bedside tables are standard equipped with this system.

REFRIGERATOR

The built-in Dometic refrigerator (*) silently cools your drinks and foods. The refrigerator door is equipped with a visually recognizable handle and has the same colour as the bedside table. The opening direction of the door can also be changed afterwards.

The refrigerator has an ample capacity of 34 litres, and is ideal for storing both medicines and large bottles.

The back of the bedside table with refrigerator has safe openings for ventilation.

(*) optionally available for certain models

DESIGN AND FINISHING POSSIBILITIES

The Haelvoet bedside table collection is particularly extensive, ranging from fully functional and innovative to very low upholstered models focusing on homeliness.

The bed and the bedside table seamlessly fit in your institution.

HANDLES

Two types of designful handles are available for these bedside tables.

Open handle

Closed handle

ILANA

Safe and durable

The Ilana collection never disappoints you. The body is made of solid laminate, which gives the bedside table a sleek and timeless look. In their turn, the aluminium corner profiles contribute to a solid and very firm bedside table. The many finishing possibilities and options make sure that the Ilana is indispensable in your institution. This piece of furniture complies also with all the hygienic nursing requirements and can be cleaned and disinfected perfectly.
